The Republicans fired fifty guns threw out flags and lit bonfires on the receipt of the news of the nomination of Grant and Wilson

There appears to be some slight feeling growing out of a misunderstanding on the subject of the failure of the batteries of Alcatraz to reply to the salute of the German steamer *Hertha* when she entered the port with the American flag at the fore yesterday afternoon. The fact is, that under the new regulations, salutes are only given when notice has been received and it is customary for a vessel of war on entering port to notify the military commander that he will fire his salute at a given hour in order that he may prepare to return it. In this case the *Hertha* fired her salute as soon as she came in without notice and there was no time to give the order for returning it. At the proper time the salutes will be given in due form

### The Webster Family

A correspondent of the Springfield *Republican* writing from Boston in reference to a late accident that befel a descendant of Daniel Webster says

The shocking affair of young Appleton a grandson and namesake of Daniel Webster, has opened anew the sad history of the Webster family which, in this branch may soon be extinct. The private vices of Webster have often been remarked upon probably they were exaggerated by scandal, but such as they were they have borne evil fruit in the habits of his descendants. His son Edward died in the Mexican war, too young to become much known, either for good or evil. Fletcher Webster, who also died a soldier s death had his father s weaknesses with little of his strength and seems to have transmitted them to his sons, who seem to have been known to the public by their vices. Young Appleton whose fate has for the first time brought him to public notice, is the youngest son of Webster s beloved daughter, Julia, who married into the wealthy Appleton family here. She and her husband have been dead many years their eldest son, Samuel Appleton, of Southboro, is a gentleman of fair reputation, and has been once or twice in the Legislature. The younger brother Daniel Webster Appleton though an amiable and promising boy early fell into bad company and has been for years—though only twenty six years of age—a confirmed drunkard. He seems now likely to recover from his wounds and may take warning by the past and forsake his evil ways. But the subtle influence of an ostracism is upon him and his future in any event is an anxious one. The Boston newspapers have dealt very plainly with the terrible circumstances of his case—nor was it possible to do otherwise. The moral lessons of Webster s life are constantly enforcing themselves. This is the latest instance, but when Fletcher Webster died in a war against slavery—that power to which his father had sacrificed his fame and his ambition—and earlier in the war when he marched his regiment up State street, over the very stones that Massachusetts militia trod on as they carried Thomas Sims back to slavery in 1851 —his men singing the John Brown song as they marched—Boston saw and felt the divine justice. Truly, as the Italians say "God does not pay at the end of every week, but He never forgets the reckoning

### Greeley on Reclaiming Tules

The Sutter (Cal ) *Banner* publishes the following, which explains itself. The ideas therein embodied do credit to the Christian sentiments and benevolent impulses of the ancient philosopher but he appears to have made the slight mistake of supposing the Tules to be a tribe of Indians and their proposed reclamation a moral and humanitarian work

NEW YORK May 22d

HON W H PARKS Dear Sir I have thought much about your efforts to reclaim the Tules and should have given you my views upon that subject earlier had not my time been so occupied with the reclamation of the Republican party. My efforts in that direction having been successful, I can now turn my thoughts toward moral and agricultural subjects. The reclamation of the Tules is a subject that has long lain near my heart. And it pains me to know that what you have done thus far towards reclaiming the Tules is all wrong. You have tried to reclaim them by damning. Whoever knew anybody made better by damning? I sometimes damn things but never only under great provocation. Moral suasion will do more for the Tules than all your damning. They have never known what is right. They are poor benighted things and the white men that have been among them have been generally wicked and often vicious much addicted to hunting pressed ducks among them on the Sabbath day. That and profanity is all they have known of our higher civilization. No complete reclamation of the Tules can be effected with out schooling them in moral and industrial habits. Tracts and missionaries should be at once sent among them at public expense. Profanity should be forever banished from among them. And when they are sufficiently advanced they should be gratuitously supplied with copies of What I Know about Farming and go west. Very truly yours HORACE GREELEY

The first decided indication of how the negro vote in the South will be cast in the Presidential election was afforded recently in Virginia. C B Baine, leader of the Greeley movement in that State, and delegate to Cincinnati was defeated for Mayor of Petersburg by the regular Republican candidate. He had double the usual majority. The colored vote was solid against Greeley! The negroes have more sense than some Southern [white] Democrats. The campaign begins well.—*N Y Times, May 24th.*

## LAST NIGHT'S DISPATCHES

SPECIAL TO THE OREGONIAN

EASTERN DATES TO JUNE 7

### EASTERN STATES

PHILADELPHIA June [illegible] The following dispatch was received [illegible] the Convention [illegible] Indiana. Accept for yourself and the Indiana delegation my sincere gratitude for your gallant effort. I support your ticket cheerfully. Men are nothing principles everything. Nothing must arrest the Republican triumph of the equality under the law like the liberty from which it springs is universally acknowledged and that the citizenship of the humblest being is as sure of protection against outrage and wrong as was the Roman citizenship of old

(Signed) SCHUYLER COLFAX

The dispatch was received with applause, and the chairman then at 10 minutes past 4 P M declared the Convention adjourned *sine die*. It is conceded on all hands that it has been the largest Convention in numbers the most respectable in character and the most harmonious and enthusiastic in spirit of any political Convention ever before held in this country

Concerning the Mormon delegation from Utah, the Gentile delegation from Utah who were admitted to seats in the Convention instead of the Mormon delegates, sustained their application in a paper presented to the Convention which concludes as follows. We cannot see how the National Republican Convention could recognize polygamy by the admission of Smith and Fuller without self sacrifice, without placing a premium on disloyalty and quasi rebellion without doing a great deal of injustice to the loyal people of Utah and outraging every sense of decency as well as truth of politicians of the entire nation; without destruction of the Republican party

The Executive Committee was organized by electing the following officers. Chairman E D. Morgan, Secretary, W S Chandler. Executive Committee—E D Morgan, of New York W Claflin, of Massachusetts Marshall Jewell, of Connecticut A G Cattell, of New Jersey, Oliver P Morton, of Indiana William H Kemble, of Pennsylvania J Y Scammon, of Illinois, R B Cowan of Ohio, G W Dodge of Iowa, George E Spencer, of Alabama, C C Fulton, of Indiana Joseph C Abbott, of North Carolina. George C Gorham of California, J T Averill, of Minnesota, William A Howard of Michigan

In the evening an immense ratification meeting was held under the auspices of the National League. Morton M McMichael presided, and speeches were made by Hon John A Bingham, Governor Samuel Bard of Tennessee, and others, and resolutions were adopted indorsing the platform and nominees and pledging its support.

### WASHINGTON CITY.

#### Congressional

WASHINGTON June 7—In the Senate, yesterday, Mr Chandler made a brief speech in reply to the statement of Mr Sumner in his recent speech that Secretary Stanton regarded General Grant as an incompetent manager of the affairs of the nation, and so expressed himself to Mr Sumner. Mr Chandler denounced the statement as slanderous and untrue and read extracts from a number of Mr Stanton s speeches to show his high appreciation of General Grant. He also said he had personally heard E M Stanton many times during the war speak of General Grant in the highest terms and express the utmost confidence in his ability

Mr Sumner, in reply, reiterated the statement of Mr Stanton's conversation with him, and read a note from Horace White of the Chicago *Tribune*, stating that Mr Stanton had several times expressed to him (White) substantially the same opinion of General Grant as he did to Sumner, with the addition that Grant was greatly overrated as a military commander

#### London Dispatches

LONDON, June 7—In the House of Lords, last night, Earl Derby, read a letter from Sir Stafford Northcote correcting a statement the former made in his speech of Monday, to the effect that there was no understanding between members of the High Joint Commission that the indirect claims should not be presented, and that the Commissioners were therefore careless in drawing up the treaty. Sir Stafford Northcote declares positively that the Commissioners did understand a promise to be given that the claims for indirect damages should be withdrawn

Granville read a letter from Mr Schenck, the American Minister, affirming that the supplemental article is amply sufficient to exclude the indirect claims, and authorizing the statement to be made as coming from Washington that the article is a final settlement of the question of said claims. The announcement was received with cheers

Lord Derby said this put a new face on the matter and he thought debate ought to stop [Cheers

Granville warned the House that the indirect claims had not been withdrawn from the American case, but they would be disposed of by the acceptance of the supplemental article

Earl Russell then withdrew his motion for an address to the Queen, and the debate was stopped

SAN FRANCISCO June 7—The Executive Committee of the committee of one hundred presented their report on the Mission Bay railroad grant and the railroad matters generally to the committee in session this afternoon seventy members being present. The refusal of Judge Dwinelle to grant a change of venue in the case of Mrs Fair was fully anticipated and excited no surprise. The order for a special venire of 200 jurors, returnable on the 24th inst is already in the hands of an officer and it is believed that no much difficulty will be found in getting a jury. The chance of getting one is certainly better than it could be in any county with a comparatively small population. Judge Dwinelle was evidently anxious to avoid trying the case a second time, if possible

SAN FRANCISCO, June 7—Arrived—Schooner *J P Jordan* from Honolulu, with dates to May 15th. Copious rains had fallen throughout the Islands insuring good crops. A motion has been made in the Hawaiian Parliament to impeach the Ministry for improper use of the Government funds in building a hotel. The Republican County Committee met this evening and indorsed the Philadelphia candidates and platform, received a circular from the State Central Committee requesting immediate organization in all towns in the State, and passed a resolution calling for the immediate organization of ward clubs in all parts of the city and the raising of funds to carry on the campaign

### A Vote Over Hea[illegible]

[illegible] census [illegible] The then Democratic districts had a population of about 19,721 yet they had a representation of 14 Senators and 25 Representatives—total 39 Here was a majority [illegible] Democrats [illegible] districts in which that party had popular majorities contained only about two fifths of the population of the State

The population of all the counties of Eastern Oregon is about equal to that of Multnomah Yet Multnomah has but 2 Senators and 4 Representatives while the counties of Eastern Oregon have 5 Senators and 7 Representatives Josephine county, with a population of 1 204 has one Senator and one Representative The population of Multnomah is about 12 000 A Democratic county therefore has a Senator for 1,200 inhabitants and a Republican county has a Senator for 6 000

It was this inequality which made the obtainment of a Republican Legislature almost hopeless It could not have been accomplished except by a general political revolution The Republican counties now are Multnomah, Clatsop, Tillamook Washington, Yamhill, Benton, Lane, Marion, Clackamas, Douglas, Coos and Curry These counties contain an aggregate population of 65,678, or over two-thirds of the inhabitants of the State Yet the apportionment is so heavily in favor of the Democratic party that the Republicans have only half the Senators and but five or six more than half the Representatives This calculation will show against what odds and difficulties the Republican party had to contend in the recent struggle

### Greeley s Letter of Acceptance

Mr. Greeley s letter accepting the nomination tendered by the Cincinnati Convention is strongly written. Yet parts of it sound strangely as utterances of Mr Greeley All know that Mr Greeley was one of the most earnest supporters of the legislation known as the Ku-Klux law The *Tribune* demanded the law in advance of its enactment, and defended it after it had been placed in the statute book. It is but a few months since Mr Greeley stated in a public speech in New York city that he not only approved the law, but that if it were found not to go far enough he would make it go further He said this after his return from an extended tour through the South during which he had possessed large opportunities for observation upon the condition of that section. But in his letter of acceptance he takes the back track He arraigns President Grant for this very legislation which he himself demanded and approved The shiftings of a politician are curious to witness In the case of Mr Greeley we find him clamoring for the Ku-Klux law; next thing vigorously defending and justifying it, and finally censuring the present administration for its enactment and enforcement Mr Greeley also was an earnest advocate of the Congressional law to control and regulate elections alleging as a chief reason for such a law that it was necessary as a means of overcoming the immense fraudulent Democratic majority in the city of New York. But in his letter of acceptance, bidding for the Democratic vote, he insists that there shall be no Federal interference with the internal policy of States and municipalities, but that each shall be left free to enforce the rights of its inhabitants for itself. It is also but a short time since we published an extract from a speech delivered by Mr. Greeley in Minnesota, in which he declared himself in favor of land grants for railroads, showed that this was the true policy for the development of the great interior country, and dwelt on the fact that unless this policy should prevail the lands of the interior would remain wild and unoccupied, because nobody could reach them But in this letter he renounces this policy also says it is all wrong and should not be allowed to prevail. The letter of acceptance is curious chiefly from the fact that it shows with what facility a person of Mr Greeley s ability can shift positions when it seems to be his interest to do so

### The Jubilee To night

Great preparations are making for the Republican jubilee to night. It is expected that the demonstration will exceed anything of the kind ever witnessed in the city Many people will be here from other counties Speeches by distinguished men may be expected All the accompaniments—music a torchlight procession fireworks etc —will be in order. The political redemption of Oregon is an event to celebrate The demonstration also will be in the nature of a ratification of the nomination of Grant and Wilson at Philadelphia. A great occasion may be anticipated.

Senator Ferry, of Connecticut who was re elected by a coalition of Republicans and Democrats, has been claimed as a Greeley man. But in a letter dated at New York May 23d, he disabuses the Liberal Republican mind of this error by saying that to intrust the great interests of the country to an administration made up and controlled by Greeley would be mere midsummer madness Not much comfort for anti Grant men here.

Archibald Campbell has been appointed by the President a Commission to survey and report on the Northwest Boundary Mr Campbell probably knows more about the Northwest Boundary question, including all the phases of the San Juan dispute, than any other man. His correspondence on the subject some years ago with the British authorities, did him credit, and is chiefly relied on as a statement of the American case

The total vote of Multnomah county as will be seen by the official returns published in another place is 3 269 Wilson s majority is 899 The number of legal voters in the county in 1870 as shown by the United States census, was 3 265

The Republican vote of Multnomah county is 668 larger than two years ago The increase of the Democratic vote is 174 Total increase, 712

The reduction of th[illegible] debt [illegible] during May was $4 326 00 A pretty good figure

### General Oglesby on General Grant

In his late speech before the Republican State Convention of Illinois accepting the nomination for Governor General Oglesby spoke as follows of the country and General Grant

I have been taking a general view of the subject I am satisfied I am happy [cheers] a good deal happier than eight years ago I am attached with my country I have faith in it I have faith in our grand U Constitution I have faith in the intelligence and the heart of the American people In my heart before my God I love my country and I love its institutions I am willing to give my blood for it It has made me a prosperous and happy man I wish it to endure for generations to come and to be handed down to endless posterity as a grand fabric of human liberty to last and bless mankind and make them happy I am willing to make sacrifices and therefore when I see this party springing up like a mushroom charging all kinds of crimes and villainies upon our form of government I become decided in opposition to it I know our national Congress means to do right Our simple hearted President means to do right He is not a gaudy President such as Andy Johnson was, he is not a dignified President in the sense generally used in speaking of persons of dignity and position He is a plain, simple man with an honest heart he has been tried on many a field, amidst the darkest clouds, and led on our hosts to victory he conquered what was assumed to be the unconquerable host of the enemy [Applause ] He brought back the flag and laid it down, and then in the kindest words said to the rebels, the vehement, hard hearted, stiff-necked rebels, "Now go to your homes take your side arms and your personal property go back to your own States and live obedient to law, and that is all that will be required Can you call that man a hated tyrant? If this great nation turns its back on General Grant after the triumphs he has achieved, it will do wrong To defeat that man now and send him back into the walks of private life with the condemnation of the American people upon him would be an act of ingratitude not to be forgiven this side of the great, shining throne of Heaven [Applause ] I ask you to go to any soldier of the United States and ask him if in the fearful ordeal of civil war he ever received an unkind word from that man He is a plain simple little man poor as poverty could make him—poor in everything but that quiet, solemn mien that God gave him never heated, ever ready for the worst crisis, he led us on to victory and brought us back to security and peace He has been President for four years and the great American people indorse and ratify him, and we see by the sentiment of this grand old Convention of to day that the people will elect him for four years more [Enthusiastic applause ] He is not a belle lettres man, not at all He is a man of no very great accomplishments, neither was the immortal Lincoln He is a plain man scarcely able to defend himself in common speech, he is not flippant with the tongue, nor glib in speech, and deprived of that great comfort of being able to make a stump speech [Laughter and applause ] Occasionally we have all taken the liberty to make criticisms upon him We have said if we had been President we would have done so and so, but the trouble is we are not President The politicians have been decidedly severe and the papers have dealt with him severely Here let me tell you that beyond the politicians, beyond the papers and beyond the statesmen there is a great undercurrent, consisting of the masses of the American people which springs up when danger threatens from farms precincts and villages and meets in convention and there takes hold of these fellows and shakes them back into their propriety [Laughter ]

### A Candid Opinion

In February 1871, but little more than a year ago Mr. Greeley wrote the following in the New York *Tribune* Democrats should read it and ask themselves how they like the description and character given them by the present candidate for their votes

We like General Grant but we care far more for Republican ascendancy than for any man s personal fortunes It is in our view of great importance that the opposition shall be kept out of power while it is of comparatively small moment that A or B should tenant the White House For a Democratic national triumph means a restoration to power of those who deserted their seats in Congress and their places under the last Democratic President to plunge the country into the Red Sea of Secession and Rebellion Though you paint an inch thick to this complexion you must come at last The brain, the heart the soul, of the present Democratic party is the rebel element at the South with its Northern allies and sympathizers It is rebel at the core to day hardly able to reconcile the defeats of Lee Johnson Bragg Hood and Price and the consequent downfall of its beloved Confederacy with its traditional faith in Divine Providence It would hail the election of a Democratic President in 1872 as a virtual reversal of the Appomattox surrender It would come into power with the hate, the hunger the wrath the mortification of ten bitter years, to impel and guide its steps It would devote itself to taking off or reducing tax after tax until the Treasury was deprived of the means of paying interest on the national debt and would hail the tidings of national bankruptcy with [illegible] gladness and uncon[illegible] exultation Whatever chastisement may be deserved by our national sins we must hope that this disgrace and humiliation will be spared us

The New York *Tribune* has devoted considerable of its space recently to the publication of congratulatory dispatches to Mr Greeley upon his nomination A large majority of these are anonymous and bear very strong evidence of having been made up by the able corps of *Tribune* writers But the following may probably be accepted as genuine

SATURDAY MORNING, JUNE 8, 1872.

## CITY.

**Ready** [illegible]—We learn that at the meeting held on Thursday evening, by the members of Willamette Co. No. 1, there was a general expression favorable toward the celebration of the coming Fourth of July. As will be seen by the published proceedings in our issue of yesterday morning, by the representatives from the several military companies of the city, an invitation has been extended to the several fire companies to join in and co-operate with the military and civic societies. We hope to hear of every fire company in the city calling meetings, appointing committees to act in conjunction with those already appointed, and passing resolutions to celebrate our national anniversary. The ball has been fairly started now, and let it be kept constantly in motion, until it shall result in a grand celebration, such as our young city is capable of inaugurating, and which will be an honor and credit to the whole State.

**Additional Precincts.**—The following are the officers (Justice of the Peace and Constable) of the several precincts not heretofore published:

*Sauvie's Island*—A. C. Rigney, J. P.; O. A. Lance, Constable.

*St. John's*—C. E. Comstock, J. P.; Jas. Comstock, Constable.

*Fulton*—T. P. Stephenson, J. P.; H. C. Hill, Constable.

*Sandy*—J. P. Hessin, J. P.; J. M. Stott, Constable.

*Willamette*—A. Pullen, J. P.; W. Hill, Constable.

*Multnomah*—H. C. Shattuck, J. P.; E. G. Guim, Constable.

*Powell's Valley*—F. Kittridge, J. P.; S. Withton, Constable.

*Grant*—No choice; Jas. Royal and Jas. Collins tie, J. P.; F. Pierce, Constable.

**Schooner Augusta.**—Some time since we announced that a half interest in the little schooner *Augusta* had been purchased by Walter Moffatt, and that she would soon be taken out and materially enlarged. Yesterday she was towed up the slough by the tug *Ben Holladay* to the Terwilliger farm, a few miles south of the city. The *Augusta* will be beached, placed on timbers, and thirty feet added to her length in the middle. Work will be commenced at once. Sixteen inches will be added to her depth of hold, and the breadth of beam increased eleven inches. She will be rigged after the style of a hermaphrodite brig. It is expected to have the work all completed by the 10th of next month. Captain Stannard has the superintendence of the work, and John Rutter is the builder. When finished the *Augusta* will be placed on the route promising the greatest profits to the owners.

**New Church.**—We were shown yesterday at the office of Mr. A. H. Jordan, the plans of a new church building to be erected during the present season in Walla Walla by the members of the [illegible] Church of that place. The building is to be 40x25 feet, and 40 feet from the foundation to the comb of the roof. It will be constructed entirely of wood. A tower 100 feet in height will adorn the front of the edifice. This portion of the building will, however, not be constructed this year. The building, when completed, will be capable of seating 150 persons with comfort, and will cost in the vicinity of $4,000.

**Good Templars' Hall.**—A meeting of the Board of Directors of the Good Templars' Hall Association, was held on Thursday evening. A committee consisting of Charles Hodge, Donald Mackay, and A. G. Walling, was appointed. It was determined to prosecute the work on the proposed building as soon as practical. The committee appointed will examine into such plans and bids for the work as may be submitted by parties desiring the contract. The building will be a frame, two story, wooden structure, about 96x50 feet. It will be located at the corner of Third and Alder streets, diagonally across from the new [illegible] Hall.

**For his Health.**—Prof. C. T. Finlayson, who has long been a prominent resident of Linn county, and well known in many portions of the State as a public teacher, went up on the Dalles boat this morning. He will remain several months, hunting and fishing in the game regions beyond the mountains, in hopes of recuperating his fast failing health. Mr. Finlayson has resided in Nevada, California, for the last three years, at which place he lost his wife a few months since.

**[illegible] Appointed.**—A regular meeting of [illegible] Co. No. 4 was held on Thursday evening. It was resolved by a vote to celebrate the coming Fourth in a becoming manner. A committee of seven persons were appointed to take the necessary steps towards that object, consisting of J. F. Galligher, R. Holman, W. H. Wetherell, R. S. McLoran, D. Monnastes, C. Ball and E. Morrill.

**This Evening.**—Let every Republican bear in mind that the grand ratification meeting will be held this evening. No effort or expense will be spared to make it the most extensive public demonstration ever held in this State. The victory has been signal, decisive and overwhelming; let the magnitude and character of the forthcoming public expression of triumph be correspondingly sweeping.

**Masonic Supper.**—We understand that the Masonic Fraternity of this city will hold a grand supper and banquet at their new hall, corner of Alder and Third streets, on the 27th inst. Without doubt, it will be one of the finest and most [illegible] dinners which has ever been given in Portland. The banquet will be given in honor of the completion of their new and magnificent hall.

**Preaching.**—Rev. J. E. Walker, appointed a Missionary of the A. B. C. F. M. to China, will preach at the Congregational Church on Sabbath, 9th inst., morning and evening. Mr. Walker is a son of Rev. E. Walker, of Forest Grove—one of the Whitman band of missionaries. He is a graduate of Pacific University, and late of Bangor Theological Seminary.

**Selecting a Councilman.**—There will be a meeting of the Republican voters of the Third Ward, on next Tuesday, 11th inst., between the hours of 5 and 6 P. M., at the corner of Market and Third streets. The object will be to select a suitable person to represent that ward in the City Council, to be voted for on the 17th inst.

**Stockholders' Meeting.**—There will be a special meeting of the stockholders of the Good Templars' Hall Association on Thursday, 20th inst., for the purpose of reconsidering the action of the last meeting of stockholders, increasing the capital stock of the Association.

**Bell.**—A large steel Fairbank bell, weighing 1,411 pounds, can be seen on the wharf of Capt. [illegible]. It was brought up on the last steamer. The bell is intended for the new Episcopal church at Kalama, whither it will be shipped at once.

**City Improvements.**—Another fine dwelling-house, to cost about $8,000, is to be erected on the lots on the corner of Tenth and Main streets, the sale of which has just been effected for $3,000 by W. F. Brown & Co., real estate agents.

**Mutton.**—The Dalles boat brought down last evening, 361 head of sheep. They were raised in the vicinity of Umatilla and will be taken to British Columbia. These sheep were in excellent condition, and were owned by a Mr. Jackson.

**[illegible].**—At a special meeting of the members of Willamette Company, No. 1, held on Thursday evening, Mr. C. C. Phillips was elected President of that company, vice P. D. W. [illegible], resigned.

**Public Schools.**—The public schools of the city will be out on the 3d day of next month. A vacation of nine weeks will follow, to allow the teachers and juveniles an opportunity to rusticate in the rural districts.

**For Victoria.**—Dr. Aborn will leave this evening on the *Idaho* for Victoria. He will visit the towns along the Sound. The Doctor will return to this city about the 8th of next month.

**Immigrants.**—Two families came in the Dalles boat yesterday. They came from east of the mountains with a view of permanent settlement in this valley.

**Circuit Court.**—The Circuit Court for Multnomah county, will convene next Monday at nine o'clock A. M. There will be a full docket to dispose of.

### COURT PROCEEDINGS.

FRIDAY, June 7, 1872.

U. S. CIRCUIT COURT—DEADY, J.

The plaintiffs in the actions for ejectment against George S. Vaughn—viz., Emma S. Lamb, Ida Squires, and L. B. Mezner—this morning filed separate replies in each case to the amended answer of the defendant.

The Court then adjourned until Monday morning at 10 o'clock.

COUNTY COURT—E. HAMILTON, J.

In the matter of the guardianship of W. E. Peacher; guardian made report of sale of real estate; sale confirmed by the Court.

### AMUSEMENTS.

Miss Mehlig will give her first and last concert this afternoon.

The Japanese troupe gave one of their excellent performances last evening at Oro Fino Theatre to a fair house. Last performance this evening.

A strawberry and ice cream festival was given last evening by the members of Nonpareil Lodge, I. O. G. T.

The Fair inaugurated by the ladies of the First A. M. E. Zion Church, is still progressing.

**Brought Up.**—Jefferson Bayless, an account of whose attempt to commit suicide was given in yesterday's issue, was brought up to this city from Rainier last evening. An effort was made by his friends to have him admitted to the County Hospital for care and medical treatment. He is a resident of Columbia county, and had no permit from the County Court to enter the hospital. He was left sitting on the sidewalk at the corner of Front and Stark streets for over an hour after his arrival, when some one procured an express wagon about 9 o'clock and conveyed him to General Hamilton's residence, to see if he would allow him to be taken to the hospital. This request was probably granted, as the friends of Bayless offered to pay to the county all the expenses incurred in keeping him there. The judgment of medical men is that his recovery is next to impossible, as his face is frightfully mutilated by the shot, and a hole is torn under his chin through which nourishment falls instead of down the proper passage. It is thought that he cannot long survive his wounds. He is unable to articulate anything intelligibly, and is in a semi-conscious state of mind.

**Procession.**—At the Grand Ratification Meeting which will be held this evening, the following is the manner in which the procession will be formed, and the line of march through the streets: Procession will form with the right resting on First and Stark streets in the following order: First—East Portland Brass Band. Second—Military companies. Third—Citizens in carriages. Fourth—Citizen on foot, headed by the Aurora Brass Band. Line of march—down First to Ash, up Ash to Third, down Third to B, down B to Front, up Front to Stark, up Stark to Third, up Third to Washington, down Washington to First, up First to Salmon, and up Salmon to the Plaza.

**Concert.**—The Sunday School concert of the East Portland M. E. Church will be held to-morrow at 2 o'clock P. M. The programme is as follows: Singing, by the choir, prayer, by Rev. T. F. Royal; singing, by the school; speaking, quartette and chorus—"The Gate Ajar for Me"—by Misses Pease (organist), Ida Miller and Helen Cason, and Messrs. Winters and McClaren; speaking; congregational singing; speaking; solo and chorus, "Scattereth Seeds of Kindness;" speaking; singing, by the school; solo and chorus—Misses Hattie Severson, Ida Miller and Helen Cason, and Messrs. Morgan and Winters, speaking; congregational singing and benediction.

**Neat Picture.**—We were shown yesterday the photographic view taken on the 26th of April of the Odd Fellows' procession in this city on the occasion of their celebration of the anniversary of the introduction of the Order in the United States. The view was very neatly framed. All around the edges of the picture, between it and the framing—a space of several inches—were posted under the glass, the accounts of the celebration taken from the OREGONIAN, *Bulletin* and *Herald*. It was prepared as a gift and presented to a gentleman in East Portland.

**Returned.**—Manager Geo. B. Waldron and his troupe, arrived in this city last evening, after a professional tour to Victoria and the Sound towns. The troupe performed overland from Victoria to Monticello. A very fair measure of patronage was accorded the troupe wherever they gave performances, both at Victoria and along the route. It is quite probable that Mr. Waldron will inaugurate a short season at Oro Fino Theater in the course of a few weeks.

**Church Service.**—There will be the usual services, morning and evening, in the Unitarian Church. Rev. T. L. Eliot, Pastor, officiating. In addition to these, there will be a special service for the baptism and dedication of children at 10 o'clock, A. M., and at half past twelve the Sunday School Annual Floral Concert will take place, to which the friends of children are cordially invited.

**Miss Mehlig's Concert.**—The third concert by this talented lady, in our city, last evening, was attended by a large and brilliant audience, and the music was fully up to the enviable reputation which Miss M. has acquired wherever her skill has been displayed. We are not a musical critic and will not attempt to review the programme as presented, but merely advise all who have not heard Miss Mehlig play to attend this afternoon at the matinee.

**Preparing for Fire.**—We noticed yesterday a very small and compact steam pump in operation at Nicolai Bros. For so small a pump, it threw an extraordinary stream, emptying a forty gallon cask in a moment. It was bought for use at their mill back of Rainier, in fighting fire in the woods, if necessary, and for pumping purposes. It is W. D. Hooker's patent, for which John Barrett, First street, is agent, and is a prodigy for its size.

**"That Little Bill."**—That little bill for special policemen, amounting to $1,950, is not likely to be paid by the city. Of course not a dollar of it should be so paid. The claim is exorbitant. The city is pouring enough of money, without this, into this police vortex. Our citizens look to the Legislature for relief from the leech which is continually crying, "give, give."

**East Portland Park.**—Positively the last appearance of the celebrated Japanese Troupe will be made at East Portland Park on to-morrow. A series of their best feats will be given on that occasion. Several policemen will be in attendance to preserve strict order. Price of admission, 50 cents. Read the advertisement to be found elsewhere.

**UPHAM'S FRESH MEAT CURE FOR CONSUMPTION,**

It is now used here with like great efficacy, giving new life to many hopeless cases, relieving all.

Sold at $1 00 per Bottle or Six for $5 00.

JOHN NEWMAN & CO., Druggists, San Francisco,
Agents for Pacific Coast.

The Umatilla House at The Dalles is now completed and furnished in every respect unsurpassed. The office is the most cheerful and pleasant in the State, and the dining hall is unequaled. The rooms are all newly furnished. The house has twelve suites of rooms with stoves in them for families. The new house stands much higher than the old one. The ceilings are four feet higher, which adds greatly to the cheerfulness of the rooms. The table is kept in a style to correspond fully with the appointments.

**Information.**—When one purchases an article it invariably pays to spend time and take a little trouble to find the best place to buy. It is both an expensive and in the end an annoying practice to buy at the first place one comes to. But the reader can save much trouble, perhaps, when he is informed that Jos. Kohn & Co., 91 Front street, sell no Clothing or Furnishing Goods that are not what they represent them to be. Therefore spare a few minutes at this house and receive full satisfaction.

**Branching Out.**—Persons living in the southern end of the city have certainly observed an innovation at 145 First street, between Yamhill and Taylor. This change has been made by Quinn, the well known dealer in Fish, Game and Poultry, who opened this stand as a branch establishment, where at all times full supplies of everything in his particular line can be found. At the old stand—Washington street, between First and Second—the usual supply of Fish, Game and Poultry can be had at any time. Orders left at either place will be promptly filled.

**Tonight**, before going home, stop into that well known Clothing house of J. O'Neil & Co. and leave your order for a suit of summer clothing, and, depend upon it, entire satisfaction will be given. While there, examine their excellent stock of furnishing goods. The prices are so low that no persons need trouble themselves about calling elsewhere for better bargains. Don't pass 95 First street when you have occasion to buy anything in their line. O'Neil & Co. will not be undersold by any house in town.

**A Perfect Fit.**—At the emporium of fashion of Fishel & Roberts a cutter from New York City has arrived and is prepared to measure those desirous of presenting themselves in the latest style. As this firm has a fine assortment of cloths, and one of the best cutters on the coast, the purchaser can be fitted with everything that is desirable to make a suit complete in every detail. When you conclude to buy clothing or furnishing goods, remember the southwest corner of Washington and First streets.

Coughs and Colds are often overlooked, a continuance for any length of time causes irritation of the Lungs or some chronic Throat Disease. "*Brown's Bronchial Troches*" are an effectual Cough Remedy.

#### A Dead Delusion.

The theory that human beings whose strength has been exhausted by pain and sickness can be restored by depleting medicines and water gruel, if not absolutely a dead delusion, is in the last agonies of dissolution. At length it is understood that strength cannot be purged into a debilitated frame, though life may easily be purged out of it, and that it is about as wise to withhold a healthful stimulant from the weak, in the expectation that they will rally without one, as it would be to deprive a lamp of oil and expect it to burn the brighter for it.

The immense and uniform success which has attended the use of that wonderful combination of a pure stimulant with the finest medicinal herbs, known as Hostetter's Stomach Bitters, has largely assisted in dispelling the absurd chimera. Frantic attempts are made to revive it, but in vain. When the sick feel that their strength is departing, and that unless invigorated they must utterly break down, it is in vain to tender them feculent slops in the place of genuine restoratives. They may be imposed upon in that way once, but the imposition cannot be repeated. They desire to be refreshed, comforted, braced up, and decline to be griped a second time.

Under the operation of the Bitters on the other hand, all the processes necessary to physical restoration go on simultaneously. The system is stimulated and toned, the bowels regulated, the appetite cultivated, the nerves composed and the condition of the blood improved at once and the same time by a single medicine. Common sense tells us that such a preparation must be invaluable.

### Can Greeley be Elected?

[illegible]

[illegible] [illegible] it clear that the sage of Chappaqua cannot unite all the [illegible] elements of opposition to the present Administration. [illegible] entire body of Republican Revenue Reformers are pronounced and emphatic in their opposition to him. They are going to hold another national convention, for the choice of [illegible] candidate. [illegible] they carry out their purpose, as probably they will, the [illegible] will not receive the votes of any of that class of anti-Grant Republicans.

It is daily becoming more manifest that, apart from the revenue reformers, the [illegible] opposed to the paternal theory of government, there are no anti-Philadelphia Republicans, or none worth speaking of. In the three weeks that have elapsed since the country was astounded by his nomination, the philosopher has failed to develop any considerable strength in the Republican party. Only two public journals of that party of any importance have declared in his favor—one of them is his own paper. [illegible], its namesake in this city, and the latter, since its somersault from revenue reform to the protectionist philosopher has been rapidly losing its circulation. Another revenue reform journal, the *Republican*, of Springfield, Massachusetts, which favored the philosopher for a short time, has turned back and now stands against him. In all the United States the number of journals of Republican opinion—with and without influence—which have declared in favor of the philosopher, is not half a dozen!

It is coming to appear, moreover, that the supposed popularity of the philosopher in the Southern States was more imaginary than real. There are no Republicans for Greeley in any Southern State. There are no Ethiopians for him, as it was predicted there would be. The Ethiopians are for Grant, almost to a nigger, and even Sumner couldn't wean them from the man who has taught the poor ignorant wretches to believe that only his bayonets have saved their lives from those terrible "Ku-Kluxes," whose bloody work Massa Greeley has so industriously exaggerated. The only support the philosopher finds in the South is among the white inhabitants, who are hostile to Grant's paternal government, as they are, fundamentally, to the whole paternal system, and who are willing to take the philosopher only as a choice of evils. At heart, the Southern friends of free self government are not for Greeley.

In view of all the facts now developed, will it be possible, under any circumstances, to elect Mr. Greeley to the Presidency? The Democracy most certainly cannot elect him, and it does not appear that he has, or is likely to have, any considerable support from Republicans. Can the Democracy, taking Mr. Greeley for their candidate, carry Pennsylvania, Ohio, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa? While it is not apparent that in any of the States named the philosopher has any considerable number of Republican supporters, it is perfectly apparent that the Democracy are widely, and perhaps irreconcilably, divided in opinion as respects the proposed candidacy of this man. While there is not a single influential Republican journal in Pennsylvania for Greeley, the Democratic press of that State is all (with two unimportant exceptions) hostile to him. In Indiana, the Democratic press is divided, and not a single Republican journal favors Greeley. In Illinois, the Democratic press is also divided, and two Republican journals only (one of them of no account and the other losing its circulation) favor the publisher. In Michigan, Wisconsin, and Iowa, there are no Republican journals or influential men for Greeley. In Minnesota the philosopher finds one supporter among the Republican journals; but it is reported that even the delegates who witnessed his nomination at Cincinnati refuse to advocate his election. Such is certainly the fact with regard to some of them.

Can Mr. Greeley unite the opposition to the paternal dynasty at Washington? Can Mr. Greeley be elected, should he be nominated at Baltimore? This is the question, not only for Democrats, but for all who desire to discontinue the paternal system of governmental villainy and oppression, to pause and consider.

Our national debt is now reduced to $2,278,519,858.54. Of this sum $426,154,701.28 bears no interest, leaving the interest-bearing sum of $1,852,354,879.26. Of this aggregate the five per cent. bonds bearing coin interest amount to $414,567,300. Of the six per cent. gold bonds, $1,398,777,100 are still outstanding. The three per cent. certificates have all been redeemed except $13,845,000. General Grant's Administration has cancelled $327,719,819.29, cutting down the annual interest $21,472,069. The annual interest charge now amounts to $104,951,341, of which $83,326,526 accrue on the six per cents, $20,728,365 on the five per cents, and $896,350 on the three per cents. The aggregate of the debt above mentioned includes a cash balance of $123,[illegible],938.50.

It appears that Voorhees is not the only Democratic leader who is opposed to Greeley, but that Hendricks and Pendleton are substantially in the same boat with him. Mr. Hendricks has recently written a letter in which he says unqualifiedly that he does not approve Greeley's nomination, and would regard his election as a public calamity. He favors a regular Democratic nomination. Mr. Pendleton, while declaring his present intention to abide by the action of the Democratic National Convention, favors the nomination of a regular Democratic ticket.

## Census Agricultural Statistics.

We have received advanced sheets of the Census Report, containing the agricultural statistics of the ninth and the two preceding censuses. The facts relating to the number and size of farms throughout the country are of special interest, and from these tables we collate the salient points. The total number of farms in the United States in 1870 was 2,659,-985. The distribution as to size is as follows: There are of farms under 3 acres, [illegible] and under 10 acres, 17,021; 10 and under 20 acres, 294,607; 20 and under 50 acres, 847,-614; 50 and under 100 acres, 754,221; 100 and under 500 acres, [illegible]; 500 and under 1,000 acres, 15,873; 1,000 acres and over, [illegible]. The total amount of land in farms is 407,735,041 acres, of which 188,921,099 are improved, and 218,813,942 unimproved. The percentage of unimproved land in farms to total land in farms is 53.7, as against 59.3 in 1860, and 61.5 in 1850. The average size of farms is 153 acres, as against 199 acres in 1860 and 203 acres in 1850. It will be seen by these figures that notwithstanding the complaint of increasing land monopoly, the tendency towards a diminution of the acreage in farms has been steadily increasing for the last twenty years. It is true that this does not apply in all cases, but the average for the whole country is encouraging, as demonstrating the healthy growth of the class of small farmers—the backbone of the nation's prosperity.

Coming down from general to special statistics, we find that New York heads the list of States as possessing the largest number of farms—202,903, then Ohio, with 195,953, then Pennsylvania, with 174,061; then Indiana, with 161,239; next Missouri, with 148,328; Kentucky, 118,422; Tennessee, 118,-121; Wisconsin, 102,904; Iowa, 116,292. These are the largest farming States, reckoning by the number of farms.

## FINANCE AND COMMERCE.

FRIDAY EVENING, June 7, 1872.

Gold in New York to-day, 114¼.

Portland Legal Tender rates, 88c buying; 89c selling.

The Ajax will sail for San Francisco to-morrow (Saturday) evening.

In Oregon the yield of Wheat will be very large. All reports are encouraging. Regarding the price of Wheat after harvest, little can be stated with confidence. In California, grain dealers' agents are said to be offering farmers, in advance of harvest, prices ranging from $1 70 to $2 per cental.

San Francisco papers think that the prospect for good prices for the new Wheat crop is favorable. The *Bulletin* of that city (May 24th) says: "It is evident that on the 1st of June the quantity of Wheat in sight will be far below the wants of the trade up to the next harvest, which now promises to be a late one, and there are fears that it will be much below an average one, unless there should be a protracted and [illegible] rain. No rain of any moment has fallen anywhere north of this latitude for many weeks, and there is reason to fear that Winter Wheat will not suffice, and that Spring will be much later than was generally anticipated. The scarcity of Wheat in this State, in Pennsylvania, and South of New York, will have a tendency to check an export demand."

A dispatch from Boston, June 1st, gives this:

The San Francisco Committee authorize the announcement that negotiations here between Hagar and Sneath and the Atlantic and Pacific Railroad Company were [illegible] to-day, and that a satisfactory understanding was consummated for a joint co-operation in completing the Thirty-Fifth Parallel Railroad. It only remains to advise with St. Louis, at which place the San Francisco delegation will meet on the 18th of June to complete the bu[illegible]. Sneath, Hopkins, Hagar, McRuer, Phelps, Aldrich, Otis, Fay and Upton all expect to participate in that meeting.

Of wool, latest mail advices from San Francisco say:

The warehouses devoted to this staple are filled to repletion. Shipments east by rail are continued, chiefly upon speculators' account (middle men), who purchased early in the season upon the sheeps' back, and who were not willing to sell, upon arrival, at 45@60c, and not at [illegible] disposed to realize at the decline of 5@10c. Eastern buyers have for the most part returned empty-handed, though at this date they could secure any quantity of fleece at 40@45c. Purchases for the week are reported to the extent of 300,000 lbs, but this includes some parcels previously tacked. A sale of 4,000 lbs, slightly burry, is reported at 35c. Eastern advices are not encouraging at the moment; besides, they are very conflicting, and it is difficult to determine what the markets really are in Boston, New York, Philadelphia, or elsewhere. The receipts at New York from January 1st to May 17th were 47,800 bales foreign and 16,000 bales domestic, against 23,000 bales foreign and 22,300 bales domestic for the same time in 1871. The total production of the world for 1871 has been given at 1,121,519,000 lbs. The largest contributing countries were as follows: United States, 177,000,000 lbs; England, 160,000,000 lbs; Australia, 152,000,000 lbs; La Plata, 138,000,000 lbs. These four countries furnished 627,000,000 lbs, or over 50 per cent. of the total product.

Reports regarding the growing Wheat crop are again more favorable to a large yield. A San Joaquin valley paper says:

Three weeks ago fears were entertained that the wheat crop would fall short of earlier expectations in many parts of San Joaquin Valley; but happily for the general business interests of the State, and more particularly for the individual interests of every farmer, an abundant yield is promised. The weather lately has been peculiarly favorable for the cereal crops. Large tracts of wheat on the west side of the San Joaquin river, which were in a measure given up as lost a month ago, have now a fine appearance, and will yield an average of from fifteen to twenty bushels to the acre. Three weeks ago, an extensive field of wheat on the west side appeared stunted, withered and insipid; but the change lately wrought is surprising. It will average more than two feet in height and in general appearance is thrifty. Farmers are in the best of spirits. The crop on the sand plains is excellent—better than it has been in ten years past.

### Markets.

[BY TELEGRAPH.]

SAN FRANCISCO, June 7.—Flour—Market very dull and prices weak and nominal at $6 37½@6 62½ for extra.

Wheat—1200 sks fair $1 92½; 200 sks choice $2 05.

Barley—700 sks good feed $1 45@1 47½, 500 sks choice brewery $1 55.

Oats—250 sks good $1 75; 200 sks choice $1 80.

Hay—50 tons new, imperfectly cured, $13 per ton.

Potatoes—New, sold from $1 87½ down to $1 50.

Wool—We have received accounts of the closing of the great public sale in London. The total quantity sold was 156,500 bales, all of which was sold, with the exception of 25,000 bales withdrawn. It will be remembered that at the commencement of the sale a decline of 1c to 2c was established; as the sale progressed this decline was increased until it finally reached 4 and 6c lower than the closing rates in March. The greatest reduction was in unwashed wools, particularly Australian kinds. The French demand was disappointing and was the primary cause of the recession. The June series will open on the 20th instant and will embrace about 250,000 bales, 25,000 bales of which have already been listed. The imports of wool into Great Britain for the first four months of the year were 130,341,000 lbs against 125,200,000 lbs in 1871, and 90,535,000 lbs in 1870. The larger receipts there this year are not favorable to an advance in prices.

## PLANTATION BITTERS!

### S. T.--1860--X.

This wonderful vegetable restorative is the sheet-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

## MEXICAN MUSTANG LINIMENT;

### FOR MAN AND BEAST.

Probably few articles have ever had so extensive a Sale, while none have been more universally beneficial than the MEXICAN MUSTANG LINIMENT. Children, Adults, Horses and Domestic Animals are always liable to accident, and it is safe to say, that no family can pass a single season without some kind of an emollient being necessary. It becomes a matter of importance then to secure the best.

Over three hundred livery stables in the city of New York alone are using the MEXICAN MUSTANG LINIMENT, to all of which it gives unusual satisfaction.

**CAUTION.**—The genuine is wrapped in a fine *Steel Plate engraving with "G. W. Westbrook, Chemist," and "Trade Mark, MEXICAN MUSTANG LINIMENT"* engraved across the face of each wrapper. The whole bears the proprietor's private United States Revenue Stamp, and not a common stamp, as used by druggists.
